The Department of Public Health and Social Services, in coordination with the U.S. Food & Drug Administration, would like to inform the public of a voluntary recall of *Back to Nature* chocolate chunk cookie and granola products because of an undeclared allergen (milk) on its label and the potential for adverse health effects.

The affected chocolate chunk cookie and granola products are being recalled because those products contain chocolate purchased from a third-party supplier that was found to contain undeclared milk, which is not listed as an ingredient on the label.

To date, the Division of Environmental Health has determined that affected *Back to Nature Chocolate Delight Granola* (11 oz. products) with UPC #19898-01201) were sold at Oka Payless Market in Tamuning. All affected products were removed from store shelves and destroyed.

The Department has not received any local report of injuries or illnesses associated with the consumption of these recalled commodities.
